

Workshop IEA HPT Ground source heat pumps & energy thermal storage systems

Long term monitoring and lessons learned

Mondav. Mav 15. 2017. afternoon

IEA HPT Annex proposal Long term monitoring of GSHP system performance

13.30 - 13.45 Long term monitoring of GSHP system performance – example Studenthuset SWE (S. Gehlin)

13.45-14.00 Monitoring of GSHP system at ASHRAE Headquarters USA (J. Spitler)

14.00-14.15 Experience from monitoring of GSHP systems USA (X. Liu)

14.15-15.00 Questions

Energy thermal storage systems

15.00 - 15.10 Monitoring of energy thermal storage systems in the Netherlands (H. Witte)

15.10 - 15.30 Lessons learned energy storage systems Dutch Railway stations (B. Kouwenhoven)

15.30- 15.45 Questions

Group discussions

15.45 - 16.15 Discussion of topics in smaller groups (Moderator M. Bakker)

16.15 - 16.30 Wrap up (S. Gehlin)
